COROT.

PART II.

JEAN BAPTISTE CAMILLE COROT was born in Paris, of humble parentage, July 28, 1796. He did not follow his inclination until he was 22, when he became a pupil of Michallon, then of Bertin, and finally completed his studies in Italy. His method was to work in the country in summer, early and late, in the open air, to catch those effects only to be seen at dawn, at sunset, and by moonlight, in which he delighted. He saw and portrayed nature with his own eyes in a manner replete with poetry and fancy, in which style he has found followers in Troyon, Diaz, and others. He died in Paris, February 22, 1875.—*Bryan's Dictionary*.

LIBRARY ART CLUB.

RULES AND REGULATIONS.

Each member should take proper care of the pictures when on exhibition. Finger marks and other injuries should be carefully guarded against. Hanging and packing must never be intrusted to any but the most competent assistants.

Pictures should not be hung too low, so that people are in danger of hitting them in passing by; and the direct rays of the sun should not fall on them. They should be hung in order as numbered, and intelligence should be used in the arrangement, that special sections may not be divided.

If directions for packing are sent, follow them exactly.

Each box is supplied with shipping tags. Remove the old tag when forwarding to the next exhibitor. The Secretary should be notified when a new supply of shipping tags and lists of the pictures are needed.

The length of each exhibit is three weeks, *including the time necessary for expressing*. The exhibit should be forwarded *promptly* on the date specified by the Secretary. Any delay in sending an exhibit makes a corresponding loss of time to the next exhibitor.

The key should be sent *by mail* as soon as the exhibit is forwarded. If the key is lost, or not received as soon as the exhibit, send immediately to the Secretary for the duplicate key.

AVAILABLE SETS.

There are now 85 sets of pictures which have been practically the rounds of the Club. Most of them are in fairly good order, some very good, and all in the list given below are capable of giving much service. It is proposed to keep them on call, members to have them as extra sets, independent of any newer one they may have at the time, with permission to lend them outside the library to branches, schools, women's clubs, or anywhere in the city or town where they will be of use. If not needed

elsewhere they may be kept extra time. The control of these sets will be with the secretary, to whom application should be made. The heavier boxes may be sent by freight, if desired.

THE LIBRARY ART CLUB.

HISTORIC DRESS IN AMERICA.

These illustrations are taken from the book written by Elizabeth McClellan, published in 1904. It is a complete history of all forms of costume worn in this country from the time of the earliest settlers to the year 1800. As the early colonists came from England, Spain, France, Holland and Germany, the pictures are in some cases taken from portraits or costumes of people of the same rank in Europe. The illustrations were specially drawn or photographed for this publication, and, with but few exceptions, directly from the garment itself. The book, with numerous smaller illustrations, and most valuable text, accompanies the set.

AVAILABLE SETS.

May be taken to schools, clubs, etc.

There are now 128 sets of pictures which have been practically the rounds of the Club. Most of them are in fairly good order, some very good, and all in the list given below are capable of giving much service. It is proposed to keep them on call, members to have them as extra sets, independently of any newer one they may have at the time, with permission to lend them outside the library to branches, schools, women's clubs, or anywhere in the city or town where they will be of use. If not needed elsewhere they may be kept extra time. The control of these sets will be with the secretary, to whom application should be made. The heavier boxes may be sent by freight, if desired. Transportation both ways must be paid on these.
